Intelligent Medicine Radio for June 20: Social Anxiety Disorder

written by Dr. Ronald Hoffman | June 22, 2026

Should you stop taking glucosamine based on a new study linking it to Alzheimer's? What's behind the spate of "Tai Chi Walking" social media posts? Vaping after smoking hikes risk for lung cancer; Why aren't there more medical insurance plans that cover alternative medicine? Keto diet shows promise for treatment of anorexia; Incidence of social anxiety disorder is soaring among young people; And more!
