

Oregacillin

written by Dr. Ronald Hoffman | October 4, 2013

Oregacillin is the only researched, tested wild oregano and spice extract for boosting immunity and supporting respiratory health. Research shows that spice extracts kills germs, including bacteria, molds, yeasts, and fungi. Oregacillin is completely edible and is made from natural spices and herbs, including proprietary P73 wild oregano blend. Oregacillin products are for anti-fungal, anti-viral, anti-bacterial, anti-parasitic and anti-spasmodic uses.

One capsule contains: Proprietary wild high mountain oregano herb blend (P73) 450 mg, Wild Mountainous sage, Cumin (high mountain blend).

Other ingredients: Natural flavors, beef gelatin.

Suggested use: Take one capsule twice daily.
